

CRUMPIT-SNOW

The Crumpit-Snow is a city in the mountains, in the Antarctica.
She is the biggest in the world.
She is covered with snow and this people love this city
because it's Christmas all the year even it's cold.
We can give presents for our families.

In Antarctica / it is the biggest / it is covered / the people

In this city, we don't have the right to use of car because it does not pollute thus we use bikes or we walk, it is very good for the health !

The right to use cars / they do not pollute / we ride bikes / for our health

Our city possesses solar panels on every house for reduce the electricity and we also have roof gardens to grow vegetables for everyone !

Our city has solar panels = in our city, there are solar panels to reduce

We select the litter to recycle.
