

ANGLAIS ville sous-marine

Porta-Baïes

It is a submarine city. A sphere which surrounds this city. There are five floors in this one. On the first floor, there is a park of vegetation. **In On the** second, third and fourth floors, there are buildings and houses, and **in on** the last floor there is a park. The sphere is held by one cable **made of** metal up to the surface of the water.

Our city cannot be **gobbled up submerged/destroyed** by tsunamis because it is under the water. Below the city, there are submarine solar panels so that the city is 0 % **of emissions of carbon carbon emissions.**

In this one there is no car thus 0 % **of** pollution. The inhabitants of the city produce organic cultures. In this city the inhabitants are not lazy, **him(it) work all for the life in breasts of this arc.**
