

# Ecological Tower

It's a city **wich** will **be** created for the universal **exposition**  
**exhibition** in 2100.

It will be ecological because on the roofs there are solar panels.

Around the city, there are fields to supply **the** food for **the** population **of** this city.

Ecological Tower will be **cities cleanest of planet.** **the cleanest city**  
**of the planet.**

This city will be **build built** in **the USA in Louisiane in a forest,**  
**around there are mountain in a forest surrounded by mountains**  
**in Louisiana in the USA.**
