

# Subnotika

# Subnotika

It is a pleasant city **has** to live with its big bubbles. **one** **We** can see fishes **es** etc .

In the city there is **an** air **a** system **and** which sends back **him below** **it** in bubbles .

To move **in the city or outside** **within or outside the city**, we use a dolphin car .

# Subnotika

There are small robots that allow the city to stay clean. The price of homes **and are** very low. **And** **The city** uses less water and energy.

Subnotika is the greenest city **on earth** **underwater** because it creates **écological** **ecological** energy thanks to underwater **wind** turbines.
